

Australian National Vintage Gas (V/G)

Rules & Regulations

Drag racing as it should be.....

These vintage gas rules and regulations were drafted with the intention that all vehicles must represent the appearance of the early gas cars from the 50's to the early 70's. The intent of this class is to give the crowd a good old fashion show that is reminiscent the of the "good ol days", to grow and promote grass roots racing, and most importantly having **fun!**

All V/G vehicles limited to 10.00 ET over ¼ mile in competition.

Body types.

All body styles are accepted, but are limited to pre 1970 USA and Australian production vehicles, and pre 1948 hot rods. Other vehicles reminiscent of the era may be accepted/approved by the V.G.C (Vintage Gas Committee) prior to race entry. **For new cars needing approval, must be agreed by all state representatives for acceptance.**

Strictly, All vehicles must be pre approved by the V.G.C (before an entry is lodged). All decisions are final. **Vehicles changed or not comply in accordance with these rules on race day, will not be eligible for competition.**

For preapproval in your state, contact, **VIC**, Damien on 0422003183. Email: compactking234@gmail.com , **QLD**, Shaun on 0417350450, Email: flamejob55@hotmail.com, **NSW**, Simon on 0410451013. Email simon@principalplumbing.com.au , photos will be required.

Mandatory :To be eligible to enter Vintage Gas.

Negative rake – No exception's. Straight axle is highly preferred.

Name of vehicle, (not the sponsor) **must be prominently** displayed on both sides and be able to be seen by spectators. Sign writing must be reminiscent of the era (no modern style).

All scoops and body modifications must only be reminiscent of the era. (No aero wings or modern style scoops). **No streamlining.** Roof chops are accepted.

Steel or **period style wheels only**. (cragar, halibrand, ansen, etc). No Billet or modern types of wheels.

Mandatory : To be eligible to enter Vintage Gas. (continued)
