

WILLOWBANK RACEWAY RECORDS

AS AT 25.9.21

(Speeds listed in mph, with km/h in brackets. Top Fuel records adjusted in 2017 for 1000ft distance. This list only contains classes where a record has been set. Minimums for all Group II Performance classes, based on changes made by IHRA Australia in July, 2019, are listed separately. Group II track records will only be adjusted when a July, 2019 minimum has been bettered. Track records for Group III Sportsman classes were not altered in July 2019. For any unclaimed Group III records, the minimum as listed in the IHRA Australia national record list will apply. Group III performances that do not better a class minimum but are representative of ET and speed performances in that class will be considered for recognition as a track record. From October, 2019, Willowbank Group II speed records can be set from qualifying passes, and Group III records from qualifying or eliminations.)
